

NEOS IS COMING SOON – ARE YOU READY?

Posted on September 25, 2023

At FORMNEXT, we are upping the game with our new performance-tuned DLP® projection subsystem platform.

Meet the NEOS Platform – designed and perfected to enable high volume, high resolution, and high speed in additive manufacturing. We look forward to revealing the future of productivity to you at FORMNEXT 2023, November 7 – 10.

- Innovative and functional design
- AM-optimized LAMA STD/PRO software

- Cross-product features
- Proprietary light sources
- Enhanced 24/7 operation robustness
- More power

Want a demo?

Visit Visitech's booth at Formnext, where our team of experts is prepared to give you a product demonstration or discuss your next additive manufacturing solution. Like to plan ahead? You can book a meeting or product demo in advance on our Formnext 2023 exhibition page!
